

ASIS INTERNATIONAL 2006

52nd Annual Seminar and Exhibits
SEPTEMBER 25–28, 2006 • SAN DIEGO, CA

Maximum Security.

Only an Event This **Dynamic** Can Lead an Industry This **Powerful**

ASIS 2006 is the security industry's ultimate one-stop shopping experience, a powerful gathering of nearly 900 exhibiting companies showcasing the latest technologies, products, and services. Head for San Diego this September and spend some time exploring the ASIS exhibit hall.

With more than 615,000 square feet of innovations—including 100+ new product introductions—it's easy to see why the ASIS show is the highest ranking security industry event on Tradeshow Week's Top 200 list for 2005. ASIS 2006 is dedicated to bringing together the top industry experts, in every security sector, to assist you in the selection of new technologies and systems to meet your ever-expanding security challenges. From visitor management systems, IP video, and contactless smart card technologies to thermal imaging systems, explosives detection, reconnaissance robots, and more, you'll get the solutions you need to maximize your security efforts.

Make plans to join more than 20,000 security professionals this year at ASIS 2006, the industry's most trusted source for more than 50 years.

Global leaders dominate this year's speaker lineup, including:

GEORGE TENET ROBERT DOLE DR. BOB ARNOT

Log on to register for ASIS 2006, or to learn more about what makes this event one of the 50 fastest growing tradeshows in North America.

THE SECURITY NETWORK PARTNERS WITH ASIS IN SEPTEMBER TO FOCUS ON PORT SECURITY

The Security of Our Ports: Who is Responsible and What is Our Strategy?

■ INTERMEDIATE

SEPARATE REGISTRATION FEE, SEE PAGE 25 FOR DETAILS
In this session, the speaker will share his views of national vulnerabilities and key issues surrounding port security. We will discuss the strategies most likely to be implemented by international terrorist organizations against the United States. Finally, we will discuss our level of national readiness to defend our ports against terrorist attacks.

Steve Flynn

Senior Fellow for National Security Studies at the Council on Foreign Relations

Sponsored By: The Security Network

Exciting New Security Products to Help Us Secure Our Ports

■ INTERMEDIATE

SEPARATE REGISTRATION FEE, SEE PAGE 25 FOR DETAILS
This session will feature panelists representing leading port and maritime security focused companies to discuss approaches and products that can be deployed into today's modern port to improve security while improving work throughput and overall revenue. The products will include discussions of command and control, surveillance and sensors, and communications interoperability.

Sponsored By: The Security Network

4:30 PM–6:30 PM

The Security Network Reception

All Port Security Track speakers and registered attendees of this track are invited.

If you'd like to attend, please write in "Port Security Track" under Item 7 on the registration form (page 48) and add the appropriate amount to your registration fees.

Early Registration by August 22:

Members* – \$45; Nonmembers – \$65

After August 22:

Members* – \$65; Nonmembers – \$85

*ASIS members treated as members of The Security Network.

MARK YOUR CALENDARS!

The 4th annual **The Security Summit** is scheduled for Wednesday and Thursday, June 27 and 28, 2007 in San Diego. As part of our goal of "Fostering Innovation Through Collaboration," we will be working closely with an expanding number of Corporate and Institutional Partners to expand the Innovative Security Products and Services Exhibition & Competition significantly to showcase more innovative security products and services available from companies around the world and of interest to companies and governments worldwide. **Please let us know if your company or a company (or university) you know would like to exhibit next year!**
