## The 5th annual The Security Summit

Information on **The Security Network**, prior events, its corporate and institutional sponsors, and sponsorship opportunities, is available at [www.thesecuritynetwork.org](http://www.thesecuritynetwork.org).

# The Security Network

*"Fostering Innovation Through Collaboration"*

**The Security Network (TSN)** is pleased to present the 5th annual **The Security Summit** in conjunction with its corporate, institutional and media sponsors!

The "Most Innovative Security Products Exhibition and Competition" is expected to have over 60 exhibiting companies from Australia, Canada, New Zealand, the U.K. and the U.S. All entrants into the competition will be reviewed & receive feedback from local, national and intl. judges including ones from law enforcement and defense technology assessment centers

### **Wed. June 4 Highlights**

- June 6 afternoon: Security Exhibition / Competition and Reception.
- Judges will be of three groups: 1) local security leaders, 2) national & intl. systems integrators, and 3) government security technology groups from multiple countries.

### **Thu. June 5, 2008 Highlights**

- **Keynote Speakers:** Admiral Landay, Chief of Naval Research, ONR and Dick Schaeffer, Information Assurance Director, NSA
- **Panels:**
  - "Port & Maritime Security - Essential Partnering"
  - "Law Enforcement: Finding & Deploying Best-of-Breed Technologies from around the World"
  - "Information Assurance—Ensuring Secure Information Sharing from Sensor to Responder"
  - "How to Work with National Laboratories"
